COMPANY OVERVIEW

Smart Vault is a secure smart postbox solution built for the Gulf/MENA region. It offers real-time communication and dual-access security (one-time QR + PIN) for safe, reliable home deliveries.

THE PROBLEM

- Package theft, missed deliveries, and lack of secure, smart delivery options are major issues.
- Existing solutions are too expensive, complicated, or not designed for our region.
- Traditional mailboxes no longer meet the needs of modern online shoppers.
- Smart Vault fills this gap with an easy, affordable, and locally built solution.

OUR SOLUTION : SMART VAULT

Smart Vault provides a weatherproof smart vault accessible through a secure PIN or a one-time QR code. The app allows real-time driver-user communication, delivery tracking, and instant notifications.

OUR SOLUTION : SMART VAULT

OUR SOLUTION : SMART VAULT

OUR SOLUTION : SMART VAULT

WHY NOW ?

- E-commerce sales are booming , global market expected to hit \$6.3 trillion by 2025.
- Smart home device adoption is growing fast, especially in the Gulf and MENA region.
- More deliveries than ever = greater risk of theft, missed packages, and delivery frustration.
- No strong local solutions yet in the region , Smart Vault has first-mover advantage.
- Now is the perfect time to launch before international competitors dominate the space.

MARKET OPPORTUNITY

Targeting homeowners, online shoppers, and smart home users in the Gulf and MENA region.

Strategic partnerships with Aramex and DHL enhance market entry.

COMPETITIVE ADVANTAGE

1.

Launch Area:

Bahrain,
UAE,
Saudi Arabia

2.

Primary
Customers:

- Frequent online shoppers (22–45 years old)
- Smart home users and tech adopters
- Companies and busy professionals

3.

Acquisition Strategy:

Partner with couriers (DHL, Aramex)
Run social media ads (Instagram, TikTok)
Collaborate with property developers

COMPETITIVE ADVANTAGE

4.

Target Segments:

E-commerce heavy users (Amazon, Noon, Shein) Homeowners in villas and gated communities

5.

First-Year Goal:

Reach 3,000 homes in Bahrain and UAE

6.

Expansion Plan:

10,000+ homes across Gulf region in 3 years

COMPETITOR ANALYSIS AND DIFFERENTIATION

Competitors:

- Amazon Key (US)
- eufy SmartDrop (US)
- Basic outdoor lockboxes (local market)

Our Differentiation:

- Built for Gulf/MENA climate (heat, dust-resistant design)
- Dual-access security: One-time QR + 4-digit PIN
- Real-time chat and photo confirmation features
- Simple app for users and drivers with regional support

Pricing Advantage:

- Smart Vault Bundle = 75 BHD
- Cheaper and simpler compared to Amazon Key (\$250+) or SmartDrop (\$300+)

Location Advantage:

- First-mover in the Bahrain and UAE markets
- Regional logistics partnerships (DHL, Aramex GCC)

TRACTION

- So far, we completed our initial customer research by testing with real users and gathering important feedback, which directly helped improve our MVP.
- We finalized a working prototype for both homeowners and delivery drivers and conducted live simulation testing with classmates to validate the user experience.
- Based on what we learned, we refined the app features and simplified the flow. We also developed a clear pricing structure and revenue model for the business.
- Our project team is now structured with defined roles in business development, marketing, and operations, preparing us for the next steps toward launch.

FINANCIALS

- PRICING STRATEGY:

- 1) Standard Smart Vault unit + app: 75 BHD

- SALES TARGET (YEAR 1):

- 1) Sell 500 units across Bahrain and UAE
- 2) Estimated Revenue: 37,500 BHD

- COSTS:

- 1) Estimated production and setup cost: 3,800 BHD initial
- 2) Unit manufacturing cost: ~60 BHD per box (estimated)

- PROFIT:

- 1) Scenario: Estimated gross margin: ~16–20%
- 2) Target net profit by end of Year 1: ~6,000–7,000 BHD

- EXPANSION POTENTIAL (3 YEARS):

- 1) Scale to 10,000+ units
- 2) Revenue growth potential: 1 million+ BHD

CALL TO ACTION

As we move forward with Smart Vault, we would love your feedback on how we can make our solution even better for users. If you have experience in logistics, smart devices, or entrepreneurship, we would be excited to have your mentorship as we grow. We are also looking for passionate team members, especially in areas like app development, marketing, and customer service, to join us on this journey. Together, we can make safe, smart deliveries a reality across the region. Thank you for your time and support.

THANK YOU!
